Project Notes: A lot of project news to share! First, the Architectural Review Board (ARB) for Summers Corner has approved the AR redesigned facility & site plan. *Equip Studio & Cypress Engineering* did an outstanding job with the redesign effort, and it was noted by the ARB. Second, *Equip Studio* is working hard on the construction plans for the new facility. So much so, they are planning on having this done before the end of the year. Yay!!! *Cypress Engineering* is also working hard on site work permits and anticipate these being in place sometimes in January 2024. Third, AR continues its march toward **\$1MIL** in giving in 2023!
